

DIPAC 2011

16-18 May 2011

Hamburg, Germany

Scope

The biennial DIPAC Workshop (Beam Diagnostic and Instrumentation for Particle Accelerators) provides a unique forum for experts and newcomers in the field of beam diagnostics and instrumentation for particle accelerators worldwide. The programme includes invited and contributed talks, poster sessions, discussion groups, an industrial exhibition and a visit of the accelerator facilities at DESY.

The Conference Venue will be the Museum Freighter "Cap San Diego" in the centre of Hamburg.

Programme Committee:

Å. Andersson (MAX-Lab Lund), J. Cao (IHEP), L. Cassinari (Soleil), B. Dehning (CERN), M. Ferianis (Sincrotrone Trieste), P. Forck (GSI), J. D. Gilpatrick (LANL), K. Jordan (TJNAF), P. Krejcik (SLAC/LCLS), T. Mitsuhashi (KEK), F. Perez (ALBA), A. Peters (HIT), G. Rehm (DIAMOND), H. Schmickler (CERN), V. Schlott (PSI), V. Smaluk (Budker Institute of Nuclear Physics), E. van Garderen (Australian Synchrotron), K. Wittenburg (DESY)

Local Organising Committee (DESY):

K. Wittenburg (Chair), H. Ahluwalia, C. Övermann, C. Kluth, K. Knaack, G. Kube, B. Liebaug, T. Ladwig, M. Marx, D. Nölle, N. Wentowski

Deadlines:

Abstracts Submission: February 15 2011

Registration and accommodation: April 1 2011

Paper Submission: May 11 2011
