

# 10 x DIPAC

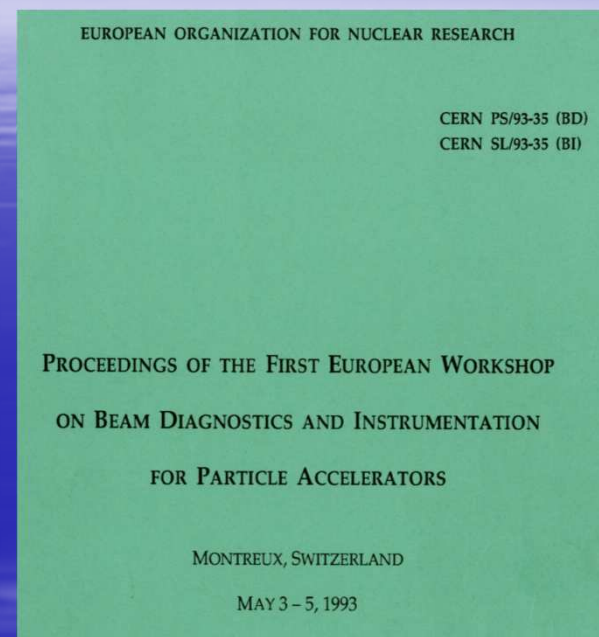

A very personal review,  
strictly non-scientific and  
not always “political correct”...

...and with a little help of  
my friends *Hermann* and *Kay*!

**DIPAC 2003**  
6<sup>th</sup> European Workshop on  
Beam Diagnostics and Instrumentation  
for Particle Accelerators

The workshop is a forum for the exchange of the latest experiences in the field of accelerator beam diagnostics and instrumentation world-wide.

It aims at active and efficient participation with a program of oral presentations, poster sessions and discussion groups.

An industrial exhibition and a visit to GSI's accelerator facility are also organised.
